The Israel Jewish Agency extends its gratitude to all those who have worked alongside the Agency to change the face of philanthropy in Israel, and particularly to the Agency’s primary partner, the Israel Jewish Agency.

The contributions of the following private contributors and business partners have been particularly noteworthy over the years.
Since its establishment more than three decades ago, the United Jewish Appeal (UJA) has been working through the United Jewish Appeal of Israel to channel funds to Israel through the Jewish Agency for Israel. The UJA is a subsidiary of the Jewish Federations of North America (JFNA).

Through the United Jewish Appeal, the Jewish Agency for Israel receives a grant from the United States government to bring refugees from countries in distress to Israel. A significant portion of this grant is used to bring Ethiopian Jews to Israel and for temporary housing solutions in response to the large wave of immigration from the former Soviet Union.

Leaders in the US Congress have consistently supported this program. Members of Congress have recognized the importance of long-term assistance in bringing Jews from countries in distress, based on the principle that freedom of immigration is a hallmark of a democratic society. They see this grant as a strong demonstration of these values.

The Jewish Agency for Israel, through the United Jewish Appeal, is working on behalf of Israeli Jews to enhance the quality of life for all Jews in Israel, including the Ethiopian community. This includes providing educational and social services, as well as support for projects that benefit the entire Jewish community in Israel.
